

Ummah Tech Fest: Volunteer Program

Ummah Tech Fest is on a mission to empower Muslim youth through technology, ethical innovation, and entrepreneurship. Through coding workshops, AI learning, community programs, and creative storytelling, we are building a platform where young people can grow as skilled digital innovators while staying grounded in strong values and service. To bring this vision to life, we rely on dedicated volunteers across both event operations and creative media production.

1. PURPOSE OF VOLUNTEERS

Volunteers are essential to how Ummah Tech Fest is built, experienced, and shared. They support the smooth delivery of workshops, guest engagement, and logistics, while also shaping the visual and digital presence of the festival through design, media, and storytelling. From the venue floor to our online platforms, volunteers help turn vision into visible impact.

2. WHY JOIN?

Joining the Ummah Tech Fest volunteer team means being at the forefront of a unique movement that marries technological excellence with community empowerment. It is an opportunity to actively shape the future of Muslim youth, give back to the community, and surround yourself with forward-thinking professionals, tech experts, and aspiring entrepreneurs.

3. KEY VOLUNTEER PATHWAYS

Event & Community Support Roles

- **Workshop Assistants:** Support instructors during coding, AI, entrepreneurship, and skills-based sessions by helping participants, managing materials, and assisting with technical needs.
- **Guest Relations & Registration:** Welcome attendees, support check-in, guide guests, and help create a professional and hospitable experience for speakers, partners, and participants.
- **Event Logistics & Operations:** Help manage venue flow, session transitions, setup, equipment, signage, and on-the-day coordination.
- **Community Outreach Ambassadors:** Support outreach to schools, youth groups, NGOs, and community networks before and after the event.

Creative & Multimedia Roles

- **Graphic Design Volunteers:** Create flyers, social graphics, digital assets, and branded visuals that communicate the festival clearly and professionally.
- **Motion Design Volunteers:** Develop animated content, promo visuals, screen graphics, and short motion pieces that bring campaigns and announcements to life.
- **Videography Volunteers:** Capture event highlights, workshops, interviews, and behind-the-scenes moments that document the movement and its impact.

- **Photography Volunteers:** Produce strong visual coverage of speakers, participants, activities, and community engagement for outreach and archives.
- **Video Editing Volunteers:** Turn raw footage into polished recap videos, reels, testimonials, and promotional edits for ongoing visibility.
- **Social Media Content Creators:** Plan and create platform-ready content that keeps Ummah Tech Fest active online through posts, captions, stories, announcements, and campaign support.

These creative and multimedia pathways are a core part of the volunteer program. They help shape how the mission is seen, understood, and remembered by the wider community.

4. BENEFITS OF VOLUNTEERING

- **Networking Opportunities:** Connect directly with tech industry leaders, successful Muslim entrepreneurs, creatives, and like-minded peers.
- **Skill Development:** Gain practical experience in event delivery, communications, design, media production, teamwork, and leadership.
- **Portfolio-Building Experience:** Contribute to real campaigns, branded content, and event coverage that can strengthen your creative or professional portfolio.
- **Professional Recognition:** Receive an official Certificate of Appreciation and valuable professional references for future career endeavors.
- **Community Impact:** Play a direct and meaningful role in inspiring the next generation of ethical tech innovators.

5. EXPECTATIONS

We seek volunteers who are reliable, proactive, and aligned with our mission of community empowerment. Volunteers are expected to be punctual, attend required briefings, communicate clearly, and carry themselves with professionalism. Creative and media volunteers are also expected to respect deadlines, brand guidelines, content quality standards, and responsible representation of the community.

6. RECRUITMENT PROCESS

1. **Application:** Submit a brief form detailing your skills, interests, and availability.
2. **Review:** Our organizing team will review applications to match your skills with the festival's specific needs.
3. **Brief Interview:** A short conversation to confirm mutual fit, discuss expectations, and finalize preferred roles.
4. **Onboarding:** Final role assignment, schedule distribution, and integration into the volunteer communication channels.

7. TRAINING AND SUPPORT

All selected volunteers will receive orientation before deployment, including role expectations, communication processes, and practical guidance. Event support teams will be prepared for venue and session responsibilities, while creative and multimedia teams will receive direction on

brand standards, content priorities, workflows, and review processes. Ongoing support will be provided by the organizing team and Volunteer Coordinator.

8. CODE OF CONDUCT

Volunteers represent the core values of Ummah Tech Fest. We require all team members to uphold the highest standards of Islamic adab (etiquette). This means fostering a culture of inclusivity, demonstrating profound respect, and maintaining professionalism toward all attendees, speakers, partners, and fellow organizers at all times.

Are you ready to help build the future of Muslim tech leadership?

Whether your strength is event support, design, storytelling, photography, video, or digital content, your work can help inspire a generation. Join our momentum today.
